

JULY TEACHER

July teachers are mature Christian adults who are available to lead or support a group of children for the month of July to give a break to our regular teaching teams.

Key Responsibilities

1. Serve a group of children for the month of July in either a teaching or support role as you are available and needed.
2. Ensure that kids in your group are cared for according to our Safe Church policies.

Time Commitment

- Teach two-four times in the month of July
- Pray for your group and prepare for the posted lessons during the week
- Attend the winter training evening in January

Our Commitment to You

The St. John's Kid's team is committed to supporting you in this work. We will:

- Prepare physical materials for your classes including lesson outlines, story props and materials, and basic craft supplies as outlined in lessons
- Organize two training days per year to equip and encourage you, and follow up with you personally to make sure that you are being supported in your role
